

2014 in Review

Graffiti Removal & Clean Ups

In 2014, we helped remove over 100 bags of trash and 100 counts of graffiti from the neighborhood. We did this with the help of amazing volunteers and with our partners at the Safety Center, the West Bank Community Coalition, the West Bank CDC, Augsburg, Brian Coyle Center and more!

West Bank Ride

In October we invited several hundred people to experience the West Bank on two wheels, and explore stops filled with art and music.

Light Rail Opening

June of 2014 marked a historical moment for the West Bank as community members gathered to celebrate the opening of Green Line Light Rail!

The West Bank Arts Foundry

In April we welcomed participants to the Arts Foundry hosted at the Brian Coyle Center. The Foundry was a series of seminars connecting arts and business on the West Bank, made possible by Twin Cities LISC.

Cedar Avenue - Re-imagined

We worked closely alongside the City of Minneapolis to advocate for an improved, more pedestrian friendly Cedar Avenue - changes which were implemented in 2014.

New Funding Opportunities

Over the year, we secured over \$100,000 in funding for a variety of West Bank initiatives. This includes funds for pro-bono services to small businesses, free seminars and more!

Looking forward to 2015

We're looking forward to working alongside our partners this year - including you - to continue making the West Bank a continually improving neighborhood to live, learn, work and play!
